## PIERCE-ARROW VEHICLES FOR SALE

### 1930 Pierce-Arrow Model B

1930 Pierce Arrow Club Sedan. Beautiful car that doesn't need anything done to it, runs and drives. Came out of a climate controlled museum collection. Original motor was rebuilt and put into a climate controlled storage facility, motor has about 20 miles on it. Absolutely no rust on exterior of car or on under carriage, this car is on showroom condition. This is one of the cleanest, close to perfect cars you can find. No reasonable offer will be refused. More Pictures available on request.

**Michael DePalma | Orlando, FL | Phone: 303-250-6299**  
**email: michael.a.depalma@gmail.com**

### 1922 Series 33 EDL

Unrestored, but in very good condition. Been in my family for almost 50 years. Always under cover. Used often for parades, weddings, graduations, etc. Those days are just about gone: I can not see to drive or even work on cars, and no one in my family shows any interest, or has a clue as to just how great this car is. No sense in leaving it to any of them! It needs to be seen, used, and appreciated. None of that happens with it just sitting in my garage. Sadly, it's time to let Mr. Pierce go. If you need another Pierce in your stable, or are a first time hopeful and want something you can drive today, give me a call. Can also send lots of pictures.

## PARTS & SUPPLIES FOR SALE

### 1932 Tail Light Bracket

Reproduction 1932 Pierce left tail light stanchions, recently acquired, made about twenty years ago. I do not know who made these but they appear to be nice castings. They are raw and unmachined. One could be cut and rewelded to make a right side bracket if desired. Castings appear to be made of zinc but I'm not sure. \$350.00 plus shipping.

**email: Johnclassicauto@gmail.com**

### Classic Auto Restoration Reproduction Parts for 8 & 12 Cylinder Cars

Here is a list of some of my reproduction parts I have available. All the parts that I make are made for job in my shop. That means that all the parts have been installed and tested to insure the best quality before I sell anything.

**Stromberg UU-2, UUR-2, EE-3, EX-32** (I have over 75 parts available for these carburetors and also provide a carb restoration service). **Water pump couplers & shafts** (stainless), **Water pump housing rear cover**, **Exhaust pipe & muffler hangers** (all years), **Shackle pin sets**, **Grill louver pins & rivets**, **Brass spark plug wire nuts 1933-1938**, **Universal joints**, **Throw-out bearings**, **Oil filters** (8 cyl & 12 cyl), **Sealed-bearing fan hubs**, **Stainless steel cylinder head**, **bolts**, **acorn nuts & washers**, **1930-1931 Intake manifold nuts** (stainless), **Water jacket studs** (stainless), **1929-1932 Engine accessory bolts** (stainless), **Valves & valve-guides** (8 cyl & 12 cyl), **Lower radiator hose spring**, **Battery box trays and sides** (stainless), **King pin sets 1929-1932**, **Runningboard trim 1934-1938**, **Gas tanks**, **Startex brackets** (8 cyl & 12 cyl), **Distributor cap spring clips**, **Distributor rotor springs and carbons**, **Distributor springs and carbons**, **3/8" Fuel line kit**, **18" Wheel trim rings** (stainless), **Oil filter brackets**, **Gemmer steering box parts** (from my rebuilding service), **Oil line sets** (8 cyl & 12 cyl), **Cast oil line ends**, **1932 Tail light stanchions**, **1932-1938 Pines Winterfront thermostat covers**, **1931 Hood latch parts**, **1930-1932 Hood door springs**. Anyone who may be interested in any of these parts should call me. Thanks, John.

**John E. Cislak | Indian Orchard, MA | Phone: 413-543-9017 email: Johnclassicauto@gmail.com**

## Classic Auto Restoration Reproduction Parts

After 20 years, the machinist who I have been using to make most of my reproduction parts is closing his doors. I was able to make small runs of some of my parts before he closed up shop. I have managed to keep pricing the same over the years. I'm sure that in the future anything that I make will have a price increase (if I decide to make more parts). I do have small quantities of **oil filters, fan hubs, valves and guides, cylinder head bolts and acorn nuts available**. Anyone who is interested in these items should call me. Thanks, John.

**John E. Cislak Indian | Orchard, MA | Phone: 413-543-9017 email: Johnclassicauto@gmail.com**

## 1933 Mod 1236 12 Cylinder Motor S/N 335276

I have a mostly complete '33 motor from a parts car that I disassembled last year. The motor was cleaned up and painted with spray cans otherwise it's as removed. It has nice carbs, starter, generator, water pump, oil cooler, distributor, etc. No oil lines or fuel pump. The car was having some restoration work being done to it so I assume that the engine was thought to be good at that time. It did sit for many years in bad storage. Call for details.

email: Johnclassicauto@gmail.com**

## 6VDC Battery Tender

These 6 Volt Battery Tenders are nice little automatic trickle chargers to keep your old car battery topped up when not in use. The red light is on during charging, the green light comes on when fully charged and then it goes into "maintenance mode", keeping the battery fully charged. New ones are \$25-\$30. This one works fine and can be yours for \$10 plus shipping.

**Chris & Delphine Diekman | Swisher, IA | Phone: 319-538-2800  
email: greyhusky100@hotmail.com**

## 1931 Model 43 Block, Crank, Mains, and Camshaft

Camshaft & Crankshaft are still mounted in the block. If a guy had a broken crank or a cracked block, this would be just the spare to have! **Chris & Delphine Diekman | Swisher, IA | Phone: 319-538-2800 email: greyhusky100@hotmail.com**

## Set of Original Strutted Pistons & Wrist Pins for Pierce 8

These came out of my Model 43 engine when it was rebuilt. They are the old strutted pistons known for their dimensional stability. I hate scrapping these if someone can use them. \$20 for all plus shipping.

**Chris & Delphine Diekman | Swisher, IA | Phone: 319-538-2800 email: greyhusky100@hotmail.com**

## Steel Center Rings for 1930-31 Wood Wheels

2 Steel Center Rings. This is the ring that bolts to the 1930 or '31 wood wheel and the hub cap then presses into this center ring. These have been cleaned up, nicely smoothed, and painted black. \$25.00 Each.

**Chris & Delphine Diekman Swisher, IA | Phone: 319-538-2800  
email: greyhusky100@hotmail.com**

## Tail Light Bracket Castings for 1929-31

2 Tail Light Bracket Castings for 1929-31 (for the driver's side). We picked them up over the years toying with the idea of making a passenger side bracket to mount a 2nd tail light on the passenger side of the car for more visibility. Someone handy with a welder could cut/rotate/re-weld a bracket to mount a 2nd triple tail light. \$30 Each, plus shipping.

**Chris & Delphine Diekman | Phone: 319-538-2800 email: greyhusky100@hotmail.com**

### Leather Tool Pouch for Pierce Bicycles (repro)

This is an extremely well made leather reproduction of the tool pouch that gets strapped to the frame of a Pierce bicycle. The detail work duplicates an old original that was found. This is the ultimate accessory for a restored Pierce bike. These were made years ago and you don't see them much anymore. These were \$200 back when the handful of them were made. \$200 plus shipping.

**Chris & Delphine Diekman | Swisher, IA |**

**Phone: 319-538-2800 email: greyhusky100@hotmail.com**

### Brooks Brierley Book on Pierce-Arrows (and other cars)

Lovely collection of old car pictures in PAS Member Brooks Brierley's book, "Auburn, REO, Franklin and Pierce-Arrow versus Cadillac, Chrysler, Lincoln, and Packard". This book, from 1991, contains some great car pictures from the classic era. These were printed years ago and are getting hard to find. I have 2 copies, so I am selling 1. Book is in excellent condition, nice glossy paper, dust jacket intact, no dog eared corners nor greasy finger prints! \$35 plus shipping.

**Chris & Delphine Diekman | Swisher, IA | Phone: 319-538-2800**

**email: greyhusky100@hotmail.com**

### Hub Caps for 30/31 Pierce-Arrow

2 Hub Caps for 1930/31 cars. They are used and in average condition. Good for a driver, spares, or cores to rebuild with a new skin. \$80 for the pair plus shipping.

**Chris & Delphine Diekman | Swisher, IA |**

**Phone: 319-538-2800 email: greyhusky100@hotmail.com**

### V-12 Cap & Rotor New Reproduction

The Pierce-Arrow Museum has reproduced high quality distributor cap & rotor sets to keep your Pierce 12 running down the road smooth & steady. Priced lower than NOS caps alone sold for more than a decade ago, NOS caps are almost unobtainable today. The set is priced at \$1,150 plus \$30.00 Shipping in USA. E-mail for overseas shipping cost. Pictures are on the Museum website. Correct screw type connectors and individual rotors are also available at the Pierce-Arrow Museum Website.

**David Stevens | Whitehall, MI | Phone: 231-740-3610**

**email: dstevens3d@msn.com**

### Pierce Archer Cap

Pierce Archer logo embroidered on quality low profile black ball cap. Quick adjust velcro strap. A great gift item for family or friends who appreciate Pierce-Arrows. Revenue goes to the Pierce-Arrow Museum \$22 plus \$2 shipping in US. Send checks to "PAS-GAG Museum Projects", PO Box 309, Whitehall, MI 49461 OR Call Dave with Visa/MasterCard for immediate shipment at 213-740-3610 - 10 to 10 EST

### New Reproduction 1929-1932 Oil Filters

1929-1932 Purolator E-2 billet aluminum reproduction oil filters. These are exact copies of the originals. Made from a solid billet blank, they contain a modern spin on filter inside, available at your local parts store for just a few dollars. Once painted they are almost impossible to tell from the factory filter. Price is \$550.00 each plus shipping. No more mess or fuss. I also have filters for the 1933-1938 8 & 12 cars. Thank you for supporting another Pierce Arrow project.

John E. Cislak | Indian Orchard, MA | Phone: 413/543-9017

email: [Johnclassicauto@gmail.com](mailto:Johnclassicauto@gmail.com)

### 1931 New Hood Latch Parts

'31 Hood latch parts. Very limited supply of these parts, as I only made up a few extras for a restoration project in the shop. Very difficult and time consuming to make. Springs, \$85.00 each; inner plate, \$40.00 each; follower, \$85.00 each (go on end of springs). Prices do not include shipping.

John E. Cislak | Indian Orchard, MA | Phone: 413/543-9017

email: [Johnclassicauto@gmail.com](mailto:Johnclassicauto@gmail.com)

### 1930 Exhaust Manifold

I have a nice manifold set ready to install. This has been machined, sand blasted and coated. I also test fit it on a engine. This manifold had some minor defects repaired.

John E. Cislak | Indian Orchard, MA | Phone: 413/543-9017

email: [Johnclassicauto@gmail.com](mailto:Johnclassicauto@gmail.com)

### Running 1934 385 cid Engine

This engine came out of a parts car. The car was having restoration work being done to it, so I can assume that the motor was considered to be good. We test ran the engine (video available) and did a compression test. All cylinders have equal compression and the engine seems to run fine. Oil pressure is about 30 psi at idle. I am selling it as a long block that will include the flywheel, head, oil cooler, water pump, water jacket, oil filter brackets & oil lines and intake/exhaust manifold. Price is \$5,800.00. I can also supply any other parts to make the engine complete.
